Peter Derk : Ninja Sons before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ninja Sons:

Hi. It's me. I'm the guy who wrote this. No use pretending that this blurb was written by someone else. Ever see the movie 3 Ninjas? Ever wonder where the stars are now? Yeah, me too. But then I did a quick Google search and found

out. More to the point, ever wondered why the dad in that movie was like, "Oh, yeah. It's perfectly fine for my sons to fist fight adults as ninjas"? I know I did. Now we finally have the inside scoop thanks to this very stupid book.
