Alison Guess : No Bones About It, Skeleton Jokes before purchasing it in order to gage whether or not it would be worth my time, and all praised No Bones About It, Skeleton Jokes:

2 of 2 people found the following review helpful. Silly, fun and very PUNNY! By Bonita Chambers Creative and cute. A Halloween 'Treat' for adults as well as kids. How about a party game: Serve the party punch, then a follow up to the "punch" line! Absolute "PUN"ishment... lol.

The best way to enjoy this book is to read it aloud to family and friends. You can make it a game by asking the

questions and have them guess the answers.
