**Rick Detorie : No Good Lawyers** before purchasing it in order to gage whether or not it would be worth my time, and all praised No Good Lawyers:

It is every bit as funny now making light of the foibles of those in the legal profession.0 of 0 people found the following review helpful. Silly Book of CartoonsBy Kindle CustomerI have no idea why, but when I was a little kid I had a copy of this book. I'm sure that most of the jokes went way over my head but I must have gone through it dozens of times. Not even sure why I'm writing this review since nobody wants to buy this book, and they couldn't even if they wanted to. If I saw it in a yard sale bin or at a used book store, I'd buy it in a heartbeat, for the memories if nothing else. Anyway, it's got some funny cartoons in it, if I remember, like the one that looks like an ad for a divorce attorney, saying how he helped his client lose 200lbs, with before and after pics of her with and without her ex. If there's such thing as a sensitive lawyer, he ought not read this; his feelings might get hurt.
