**Don Dietrich : No Guarantees** before purchasing it in order to gage whether or not it would be worth my time, and all praised No Guarantees:

1 of 1 people found the following review helpful. One GuaranteeBy Brant P. KiessigWhether you know Don personally or not you will be touched by this story of inner strength and love of not only a person but a family that is continually tested. All against a backdrop of pro hockey that many Canadian people think is the ultimate dream life. Don's story not only speaks for the thousands of players that came close enough to the dream to taste it, only to have

the dream dissolve but he also exposes the simple fact that not everybody whom reaches the dream is going on to live the charmed life. After you read Don's story you will be inspired, as well, never take any achievement in life for granted. Every day is truly a blessing. That is the one guarantee.

Prairie boy Don Dietrich lives his dream of playing professional hockey. In retirement he battles Parkinson's disease and a deadly cancer. Inspiring. Sprinkled with humour and stories about hockey's greats.
