Good readBy Karen QuinnPatsy has a wonderful way of intertwining the scripture with modern life. This book made me laugh out loud, her humor is unbelievable! Very funny yet she conveys her message, her connection with the scriptures.2 of 2 people found the following review helpful. So funny, it hurts!By Norma F. GillespiePatsy is one of the funniest and best writers/speakers I know. I've visited with her in Plano TX and on the road with Women of Faith. She had a phobia where she didn't leave her home for a long time. She's overcome it and now travels the world, finding humor in most situations. Her books are ones you want to share with anyone who needs uplifting with humor!

With wit and wisdom, the best-selling author and humorist Patsy Clairmont declares normality abnormal, setting readers free from their pursuit of the unattainable.
