Mr Mark Thomsen : Nothing before purchasing it in order to gage whether or not it would be worth my time, and all praised Nothing:

Nothing is a book almost guaranteed to bring a smile to anyone's face. It starts out as though it is a normal read but within seconds the reader realizes the book is full of nothing. Not the word nothing...blank pages framed, named and

numbered. The chapters are cleverly titled with various NOTHING idioms. It is a great gag gift, stocking stuffer, notebook or fundraiser item. Give it when someone in your life says, "I want NOTHING." Check out www.nothing2c.com
