United States of America : Nuclear Launch Codes: Top Secret Nuclear Launch Codes before purchasing it in order to gage whether or not it would be worth my time, and all praised Nuclear Launch Codes: Top Secret Nuclear Launch Codes:

4 of 5 people found the following review helpful. Excellent for aspiring super villainsBy Christian in Uvalde TxMy neighbor is a hoarder. This is a problem for me since I have frequent parties at my house to entertain my Super Villain friends and her mountain of junk blocks the view of my laser shark tank. They all live in really nice subdivisions with great neighbors. I am the laughing stock of my local Villain Country Club, where we play golf and plot world

domination. To fix this I purchased an abandoned missile silo from the military. These things are amazing! Cheap, and no background check required! They even come with free missiles! You could imagine my disappointment when I tried to launch one of the smaller missiles to clean up my neighbors lawn, and I found out the Launch Codes were not included! Thanks to a quick search and for "Nuclear Launch Codes", I now have my very own copy! Thanks !1 of 1 people found the following review helpful. GREATBy BrandonI killed so many countries with this book! Africans asians and even russians! its great! I need another world to start killing, they say 2012 is then end, now it is

Impress that girl, fool your friend, leave this book lying around. Official looking book looks like Top Secret nuclear launch codes of the United States of America, but is really just a list of random characters. Nobody needs to know that you're not a secret agent.

About the AuthorThe Author is a Top Secret random character sequence generator.
