**From Brand: Running Press Miniature Editions : Nun-Chuks: Repent or Else!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Nun-Chuks: Repent or Else!:

Ever have awful flashbacks of rulers or rigid dress codes? It's time to make nice with the nuns. This is the quintessential Mega Kit for current or former Catholic school children, or anyone who has ever had to brave church traffic and televised masses. This kit provides you with your very own set of nun-chuks featuring nuns for the handle grips and a connecting chain in the middle, along with a 32-page book. Hold those grudges no more; fight off would-be assailants with the power of nuns on your side!
