Julie Hope, John Hope : Nursery Rhymes for Cats before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nursery Rhymes for Cats:

0 of 0 people found the following review helpful. Easy Rider JudeBy Kiwi JudeNursery Rhymes For Cats is a wonderful childrens book quite exciting to try and sing to ordinary Nursery Rhymes in fact some of the Rhymes are a challenge, well worth the effort.I have just recently known about this book from a friend who brought it to a Tai Chi Class to sing the Rhymes to us, she has had the book for many years and still gets a thrill singing from it.0 of 0 people found the following review helpful. Not a book for childrenBy GrandadMy 7yo granddaughter innocently picked this book to keep when her class was visiting a local book mart to buy a book for each child.The illustration style is no different to many other childrens books, - but beware! A number of the rhymes are crude as are some of the actual illustrations.eg. "close your eyes and hold on to your nuts"... "needs more spit, Been rolling in the S*** etc.As a parent and grandparent, I truly resent the marketing of products (movies, etc) which have an overall image of innocence, and thus suitable for children, but which in fact are choc full of innuendo (or, in this case, blatant vulgarity)Not for children, as cute as it may present itself.

This is a collection of 18 humorous feline adaptations of well-known nursery rhymes by Julie and John Hope.
