She instructs the butcher to cut the bone towards the skinny part of the leg. When someone later asks her why, she said her mother used to order it that way. She didn't question why, she simply followed the practice.It was later established that the reason for cutting the thin part of the bone was to fold it in so it fitted into the baking pan!My point... many of us rarely question the reasoning behind certain words, statements, actions, etc. Controversial this book may be for many, due to perception and in some cases, tradition.Nevertheless, I thoroughly enjoyed this book, due to the many emotions the content provoked: eye-brow raising, humour bone tickled, intake of sharp breaths, and uttering of, 'really' 'seriously.'Interesting reading and I will definitely recommend.9 of 9 people found the following review helpful. Fun Read with Lots of SurprisesBy Alex HarrisThis can be seen as a controversial book but I really enjoyed it. Some of the chapters were funny and others were in your face surprising. And that is what I really loved about it.4 of 4 people found the following review helpful. cheersBy Megan SA very fun read. I backed this book after hearing about it through Penns Sunday School.and was excited to see it meet its goal. After receiving my copy in the mail it was a quick read with a lot of laughs. The illustration is great and helps make sense of the stuff written. If you are an atheist or not this book can at least provide some laughs on how silly some of the bible can be. Not many Christians actually read a bible cover to cover and are unfamiliar with how crazy some of these verses can be. If you believe a guy that lives to be 700 years old talked to a bush. Or a guy that ended up about 950 years old packing 2 of every living thing on a boat for a month and a half, And then repopulate the world, then this book probably isn't for you. Nice job Jakob. And congratulations on the success of this book.

How well do you know the Christian bible? If you haven't read it cover to cover, or have been relying on what they tell you in the Christian "Church", then you are missing a lot. This humorous and informative book will reveal parts of the bible you never knew existed. Here you will find the stories they don't teach in church, and what religious leaders don't want you to know. This book is sure to be a conversation starter, and is a great gift for believers and atheists alike. Are you a **BLASPHEMING HERETICAL ATHEIST**? Do you want to be? Nutty Bible Quotes contains fifty absurd and vividly illustrated verses from the bible that will both amuse and horrify. Discover the dark side of the bible in a humorous way and get dazzling insights about the "holy" bible. **WARNING: THIS BOOK MAY CAUSE ATHEISM** This book is satirical and thought provoking. Learning what is really said in the bible and reflecting on what each passage really means is a great way to frame a discussion on atheism and ethics with the people in your life. A discussion of ethics and how we govern our society is exactly the kind of action that leads us to a better place. This book is the tool that you can use to make our world a better place.
