The book was ok, but the title was great and so appropo without being vulgar that I'd buy volume 2 with a follow-up title in a heart-beat. Cheers0 of 0 people found the following review helpful. helpful. love itBy Carolen GrayI havent read all of the book but the name alone is great! I gave it to my dad in his stocking and it was worth just the smile and laugh he gave when he read the title!

With all the books out there bad-mouthing Barack Obama, I figured it must be an easy way to make money. So I wrote one too. This is it. The ultimate bad-mouthing Obama book. Because when it comes to Obama, the popular voices of the conservative right have been too nice. It's almost embarrassing to see Rush Limbaugh, Glenn Beck, Ann Coulter, Michael Savage and others sugarcoat their opinions of Obama, putting on kid gloves when they should bring out the big guns. They should say the things "true Americans" want to hear. So what if a book brought out those big guns and held nothing back? How would it sound? Ridiculous? Normal? Courageous? "Obama is a Big Stupid Poopy Pants (I wrote this book in 3 days)" is a hilarious and satirical book of 66 rightwing political diatribes, told in the ranting voice of an opinion-filled everyman who thinks he knows everything, that attempts to "out-extreme" anything already said in print and on the airwaves. This is the definitive book about Obama. It's uncensored. Unflinching. And unresearched. Because research is for suckers.
