Kasper Hauser, James Reichmuth : Obama's BlackBerry before purchasing it in order to gage whether or not it would be worth my time, and all praised Obama's BlackBerry:

5 of 5 people found the following review helpful. A book to unite the parties? By Wizard on holiday I think most of us right or left are tired of the programs that tell you if you don't hate the other party the world will end tomorrow. You can't give in because the other side is out to destroy the world. Well here is a little book you can read to get away from

all that. It pokes fun at the people in politics and lets you know that it really isn't all that serious. The book has pictures of blackberry conversations with different people and the president and they are funny. They have even gone to the extent of thinking up cute screen names for everyone. The president is BarackO, The Vice President is BidenMyTime, the First Lady is FirstLady2U and Bill Clinton is WildBill. There are many others. This book takes stereotypes to the extreme and will give both sides a good laugh. It's pricy for such a small book but it is a great coffee table or bathroom book. 2 of 3 people found the following review helpful. Laugh out loud and read it again...By Tracy L Karol I have been eagerly awaiting the Kindle release of this book ever since I read an excerpt. My only complaint is that it is too short...I read it twice in one night! But I knew when I bought it that it would be a quick read and I have no doubt I will revisit it many more times in the future. No one is really spared from the authors' biting humor here, though Obama's political picks take most of the heat...especially the financial guys who don't know what compound interest is. Biden is a classic dimwit and even Sean Penn and other celebs make appearances. The Republicans aren't spared either...Dick Cheney will have you in stitches. A must read for anyone who enjoys political humor. Other countries even come out to play. A bit pricey for the length, but you will read it more than once so well worth it. 0 of 0 people found the following review helpful. Very Funny By Aaron I loved this book. It is very short but also very funny. I finished it the same day that I received it. It is great as a bathroom book to pick up and flip through a few pages at a time. The book also makes fun of everybody so it's not as one-sided as you might think.

Obama's BlackBerry

.com Book Description When Obama stated that if elected, he would keep his BlackBerry, debate echoed through Washington and among the ranks of the Secret Service. What would it be like to have a president who could Twitter, send text messages, and navigate the web with ease? What would it be like to receive a text message from inside the Oval Office and, most importantly, what would it say? Now, for the first time, We The People are privy to our new leader's epistolary back-and-forths on his wily hand-held device. We're about to discover that his emails (and the replies, from his wife and daughters, Biden, Palen, Rush, Hannity, the new first puppy, and even Bush) are so tuned in to the language of electronic correspondence they come hilariously close to the brink of legibility. This giftable, imagined glimpse into Obama's beloved BlackBerry traverses the mundane and momentous contours of the Commander in Chief's life, from security briefings to spam, basketball practice to domestic bliss, and the panic of oops-I-hit-reply-all, to, of course, the trauma of dealing with the First Mother In Law. A Look Inside Obama's BlackBerry (Click on Images to Enlarge) John McCain Joe Biden Arnold Schwarzenegger Clarence Thomas Praise for SKYMAUL: "Fiendishly funny."--San Francisco Chronicle "The funniest thing you read this year."--NPR's Marketplace "The perfect send-up."--Salon.com "A hilarious and wildly inventive spoof."--Time Out NYA "smart, warped spoof."--Austin Chronicle "The D.U.I mask really works!"--David Foster Wallace "You will laugh yourself sad."--Patton Oswalt "Madly funny, full of wild invention."--George Saunders About the Author Kasper Hauser is a San Francisco-based comedy group. They are the authors of Weddings of the Times, a parody of the New York Times wedding pages, and SkyMaul, which the San Francisco Chronicle called "wicked funny," and Salon.com called "the perfect sendup." The Kasper Hauser Comedy Podcast has been called "brilliant" by New York magazine and "wonderfully realized" by The Times of London. The group's members have written for HBO and appeared on "Comedy Central" and "This American Life." (www.kasperhauser.com)
