Unique, Darling Cat Limerick BookBy Avid readerUnique and absolutely adorable! Would make a great holiday or birthday gift, especially for children and for lovers of cats, limericks, humor, or just delightful creative books like this. A wonderful idea expertly orchestrated all around. Stands out as one of the most creative, whimsical, and downright darling books I've encountered. The varied cat limericks are clever, cute, fun, and even touching, reflecting underlying affection for cats in their many forms and antics. The accompanying illustrations are beautifully done, colorful, vivid, funny; they complement the limericks, the two greatly enhancing each other. Each limerick features a different type of cat engaging in a different activity, presented in alphabetical order, from Alvin the "top dog" cat to Ziggye the "zealous Maine Coon." An enticing, colorful layout and presentation invite readers of all types and ages to partake.0 of 0 people found the following review helpful. Clever wordplay, verbal and pictorial delightBy Alison ArmstrongOf Cats and Kittens: A Book of Limericks by Janice Major, illustrated by Kyle Heger, combines whimsical rhymes with amusing depictions of cats indulging themselves in endearingly zany antics. Clever wordplay and vivid, witty descriptions should appeal to cat lovers of all ages, while the colorful, hand-drawn pictures convey an exuberance and vitality to captivate the young at heart. The rhythmic vigor of the poetry

lends itself especially well to reading aloud. An excellent way to share a love for books and animals, this alphabet collection featuring kitten comedians, fashionistas, scholars, crooners, and other charmers offers verbal and pictorial delight. Since all profits from the book go to nonprofit organizations dedicated to the welfare of companion animals, *Of Cats and Kittens* not only celebrates the felines in our lives but also helps raise money to protect their lives and well-being.
