Rupert Fawcett : Off The Leash Doggy Doodles: A Doodle Sketchbook For Dog-Lovers before purchasing it in order to gage whether or not it would be worth my time, and all praised Off The Leash Doggy Doodles: A Doodle Sketchbook For Dog-Lovers:

4 of 4 people found the following review helpful. An author that really cares for his audienceBy paperpencilI love the off the leash daily cartoons that I get on Facebook everyday. Rupert's drawings are funny and most of the time I can relate to the home situations he draws. When I saw this book I wanted to buy it because I wanted to try to draw my dogs in daily situations like his cartoons as I cannot afford to have an original made by him. The book is great. It covers everything you need to know. The author teaches you about all the little details one should pay attention when trying to draw dogs. The instructions are clear and objective. He really shares his drawing technique with the reader. I had the impression (from the book's content and information) that the author really want us to thrive and have fun drawing dogs. I really appreciate that as it shows he cares for his audience. I will not doodle on the book as I want to keep it like new, I plan to use a blank sheet that I could frame later on at home.

Fans of Rupert Fawcett's Off The Leash cartoons will love this Doodle Sketch Book for Dog Lovers. Learn how to draw Off The Leash style doggies and then practise to your heart's content in the pages of this fantastic doodle sketchbook. You'll go barking mad for it!

About the AuthorCartoonist Rupert Fawcett began creating cartoons with a specific dog theme in response to a request from a greetings card manufacture. Rupert set himself the challenge of drawing a new cartoon every day and Off the Leash was born and is now a worldwide phenomenon. Off the Leash The Secret Life of Dogs (Boxtree, October 2013) is a best-seller and has been sold in the USA (Saint Martin's Press) as well foreign language editions in Finland, Italy, Czechoslovakia and Germany. Rupert is the creator of FRED Created in 1989, FRED cartoons made their first appearance on a series of greeting cards and now, with more than 700 designs and growing, sales currently exceed 8 million cards. The cartoons were also picked up by MIDWEEK magazine, who ran them for two years, following which they appeared for a further four years in the MAIL ON SUNDAY. rupertfawcettsdoggyblog.tumblr.com
