Arthur Weis : Oh Damn: Pocket Version before purchasing it in order to gage whether or not it would be worth my time, and all praised Oh Damn: Pocket Version:

Trade Paperback (6" x 9") Coloring Book series. Sometimes in life, a well-placed swear word is the only expression that can sum up our feelings. Here is an opportunity not only to swear but to color the word as you're saying it. Great for mental health." Color Away. People with think that you are super busy and the coloring designs you chose will

melt your stress away. Laugh inside, as you consider what would be a good time to use those words that you are coloring. Yes Virginia, there are swear words here. So a good time to view the short trailer, before a purchase More on this and other titles from <http://weisbooks.blogspot.com>
