I liked all three parodies, but I think I prefer "Oh the Flesh" the best because I've had to read that one to so many kids. I am slightly afraid to read this to my 4-year old nephew, but I think

for kids 7 and up it's fair game. And for adults, of course.0 of 0 people found the following review helpful.

Germaphobia = Comedy GoldBy CustomerMichael Levine mines discomfort with our bodies for frequently clever, cringe-worthy laughs. The three stories perfectly evoke the visual style and wordplay of Dr. Seuss and it's a very fun read.1 of 1 people found the following review helpful. This book is equal parts absurd and hilarious! Children around the world have vomited for joy reading the rhymes of Dr. Vireuss. Three of his "sickest" stories have finally been collected into one germ-ridden volume. There's the tale of a man who would not - could not! - let a doctor save his life, a sick boy who puts healthy people into quarantine, and a little flesh-eating virus who goes on a big adventure. This hardcover volume of Dr. Seuss spoofs is highly infectious.

"The perfect graduation gift for flesh-eating bacteria on the go and meatbags alike." - Nathan Rabin, *Weird Al: The Book*"Disgustingly awesome. Hilarious, perverse and fun!" John Layman, creator of *Chew*"If you read one lyrical ode to flesh-eating pathogens, make it this one!" Jeff Loveness, writer of *Groot*About the AuthorWhat can be said about Antoine "Dr." Vireuss that hasn't already been said by fans, biographers, and the Centers for Disease Control? Vireuss was a sickly child, and proud of it. His first few works were met with controversy, but Vireuss kept publishing books for children until they were universally loathed. His 23 books have been translated into 16 languages, banned, annotated, censored, adapted into screenplays, reprinted, or ignored.Mike Levine is a comedy writer who writes for *The Onion*, *Heeb* magazine, *Devastator* and *McSweeney's*.Jacob Vollum is a Leo and an illustrator living in Chicago. He contributed to *The Devastator* comedy anthology series.
