Slip in some money and you're ready to go.

Every young grad needs this fun, snarky primer for the real world. You'll meet the world's brightest, you'll hang with the best! And now that you've met them, you'll work with the rest! If you're looking for an inspirational book for young people starting life's great adventure, you probably want to read Dr. Seuss's Oh, the Places You'll Go! But

before your first day of actual work, you need to meet Dr. Suits for a dose of reality. You won't learn this stuff in high school, college, or gift books by world-famous authors. But fear not! With his unique blend of hilarious verse and images, Dr. Suits can help young grads get a handle on what's really about to hit them. Oh, the Meetings You'll Go To! is a brutally honest, and ultimately uplifting, take on the struggles of post-grad life that every 20-something will relate to. Tough love never made you laugh so hard.
