because my 3 year old had a sudden interest in telling knock knock jokes. We have three knock knock jokes and this is one of our faves. Great jokes even make mom and dad, and grandma and grandpa laugh, and the lift the flaps make it even more fun for her to look at on her own. Often requested at bedtime and still asking for it long after we have packed it up until next year's holiday. Very highly recommended and I think it will work for a long age range.0 of 0 people found the following review helpful. Not only does this book have funny, "heart-y" jokes, the punchline is behind a little secret flap on the page which is a big deal for the 5 year-old! The older siblings also enjoyed this book of jokes, too!This was a great purchase! I am one satisfied grandma because I have happy, giggling grandchildren!

Knock, knock!Who's there?Peas!Peas who?Peas be my Valentine!Valentine's Day is sweeter than ever in this hearty collection of knock-knock jokes. Lift the flaps and laugh your heart out with a group of kids and a pair of lovesick hamsters. You'll be tickled pink!
