There are lovely borders of cattails wheat, lavender and many more. Pumpkins abound as do Scottie dogs. I was pleased with the Christmas selection and most of the book.However, if you have purchased this book thinking the wagon on the back cover would be interesting,it is NOT in the book! I have gone through the book numerous times thinking I just missed the page, not so! Just let this be a warning if you wish to use that pattern.Also, the book notes that the patterns could be used as a

A hand embroidery pattern book featuring over 50 patterns inspired by gardens and nature. There is a nice variety of easy border patterns to embroider on kitchen towels, pillow cases, quilts, purses and more. There are floral patterns for each month, hearts and Scottie Dogs for Valentine's Day, whimsical Jack-O-Lanterns for Halloween, harvest vegetables for Autumn and a nice selection of Christmas patterns to make ornaments and other holiday gifts and decor. It's easy to use tracing paper to trace the pattern in the book you want to use and then transfer the pattern onto your chosen fabric. The patterns in this book are hand drawn and are from my collection of patterns that I've designed over the years for my online shop Country Garden Stitchery. A nice collection of patterns for your inspiration and creative projects!
