**Onion Editors, Scott Dikkers : Our Dumb Century: The Onion Presents 100 Years of Headlines from America's Finest News Source** before purchasing it in order to gage whether or not it would be worth my time, and all praised Our Dumb Century: The Onion Presents 100 Years of Headlines from America's Finest News Source:

0 of 0 people found the following review helpful. Do you like satire?By Long term customerYep, hilarious, through and through. Example : New invention ! Tele-vision! For highbrows who are sick of all that mindless drivel on the radio!.Just a fun and quick read that may have you looking up a couple of things on-line if the humor falls flat.The very tiny print is a bit of an issue, be fore-warned.I bought mine used to read in an afternoon, like a magazine, and give away.This is from pre 2000, so a lot of the stuff is very old. That's probably why it is so inexpensive, folks0 of 0

people found the following review helpful. Still a great book after nearly 20 yearsBy ColemanEven though this book is nearly twenty years old, it still delivers hilarious satire for events of the 20th century. I find myself looking up the actual events that the book covers and learning a lot. Would absolutely recommend for anyone who loves history/politics/satire.0 of 0 people found the following review helpful. Five StarsBy rejmomhilarious book

After more than three centuries in print, The Onion remains the world's most popular news source, making sense of the world for more than four million readers a week. Our Dumb Century, first published in 1999, was The Onion's first bound volume, and now, in this exceptionally packaged deluxe edition, it will be the crowning pinnacle of your Onion book collection. From the dawning of what President McKinley dubbed the bold new "Coal Age" on January 1, 1900, to the Christian Right's miraculous ascension to heaven on January 1, 2000, Our Dumb Century chronicles the events that shaped the twentieth century and preserves them for posterity.
