James Robert Ballantyne, James Robert Kapila : The Snkhya Aphorisms of Kapila: With Illustrative Extracts from the Commentaries before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Snkhya Aphorisms of Kapila: With Illustrative Extracts from the Commentaries:

2 of 4 people found the following review helpful. An informative read. By Dennis Dean I appreciate s policy of resurrecting books from the past and making them available on Kindle and at a low price. The deserve the wide audience you have given them. Anyone interested in Yoga will find a mountain information that enhances the practice.

This book was originally published prior to 1923, and represents a reproduction of an important historical work,

maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not adequately preserve the historical character of the original artifact. We believe this work is culturally important in its original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been introduced due to either the quality of the original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with access to the best possible historical reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.
