**Lex Friedman, Megan Morrison : The Snuggie Sutra** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Snuggie Sutra:

Great gift for the couple that has everything (including a great sense of humor)By HEN82Gave this as a gift (with a snuggie) to friends over the holidays. They couldn't stop laughing!2 of 2 people found the following review helpful. Got this for a wedding gift.By TezaThis book was a gift for my friends wedding, book was a hoot to read.4 of 4 people found the following review helpful. Gag gift for bridal showersBy TinaGot this as a gag gift for a friend's bridal shower. Definitely was a hit! Each page has a position, aptly demonstrated by the pink and blue figures, with a funny explanatory blurb above it. I can't give it 5 stars because many

of the positions appeared to be repeats that were just named differently.

The Snuggie is a pop culture icon that quickly developed its own cult of awareness. Few of us were asking for a blanket with sleeves, but that's because we'd forgotten how to dream. Once we'd purchased our Snuggies, we quickly realized our world had changed for the better. Now, we want to show you just what makes the Snuggie cozy and sexy. Brilliantly illustrated with drawings of couples in flagrante delicto, our comprehensive guide includes in ascending order of difficulty everything from "The Warm and Snuggie" (for beginners) to "The Yes Ma'am" (perfect for hiding your flaws not that you have any, of course!) to "The Night In" (which works great when you're staying home to page through The Snuggie Sutra). Based on our blog of the same name, which scored mentions everywhere from The Tonight Show with Conan O'Brien to New York magazine and a host of radio stations all over the country, The Snuggie Sutra covers important topics like how to convince your partner to bring a Snuggie into the bedroom and how to set the Snuggie mood (candles and Snuggies don't mix!). We are thrilled to share this first-of-its-kind sexual handbook with the reading, Snuggie-wearing, and love-making public. Enjoy!--The Snuggie Sutrists

"...I'm recommending it. Passionately. Simply put, this is brilliance on the page... It's all freakin' hilarious." -- Publishers Weekly
