In today's business world, information is everything - and no one gathers information more effectively than spies. So why not bring real spying techniques into your workplace? The same tactics used by CIA and KGB agents can also be used at offices and corporations of any size - and these techniques will help you get ahead fast! The Spy's Guide: Office Espionage features illustrated step-by-step instructions on tapping phones, sending anonymous e-mails, disguising your identity at a trade show, and much more. The authors also share real-life stories about how these tactics have been employed by professional spies in the CIA, KGB, Fortune 500 companies, and other settings. Advance your career with espionage!
