Lou Harry : The Sugar Bush Chronicles: Adventures with the World's Most Photographed Squirrel before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sugar Bush Chronicles: Adventures with the World's Most Photographed Squirrel:

0 of 0 people found the following review helpful. This is a great little bookBy Randall GuinnThis is a great little book, about one special squirrel, Sugar Bush Squirrel. I'm glad that I was able to order mine before they sold out. I have followed the antics of this little fuzzer for close to fifteen years now. The book has lots of great pics of Sugar Bush, and is put together with entertaining and humorous text. This makes a great gift for kids, and a must have for the older squirrel fans out there.0 of 0 people found the following review helpful. Cute book! Lots of fun!By Benny K.Adorable

book! So glad I pre-ordered!! Way better than expected. I found myself laughing quite a lot. Would definitely recommend for children, unless you're uncomfortable with your child being exposed to marijuana references and imagery, which appears when Sugar Bush visits Jamaica. 0 of 0 people found the following review helpful. Kids will love the pictures, and their parents will love the punchlines; all done with taste and tact. By 231326 It takes time and effort to create something that is this visually pleasing. The photographs sometimes make me ask the question, "how did she get that squirrel to pose like that?" It's got humor and cute in good taste. Perhaps as inventive are the various costumes that Sugarbush is dressed in; clearly this is a labor of love, because the production value is amazing. The physical format of the book is similar to a children's picture book, which makes it easy for a young audience to look through. The level of humor is enough to make the adult laugh, while being totally appropriate to share with anyone. Well done! This hardcover edition was built solidly, and the pages are glossy color, which really makes the photographs look great.

Now starring in her very own book: the International Superstar squirrel—Sugar Bush! Peppered with fun lessons and activities, this supremely adorable volume follows Sugar Bush from the Big Easy to ancient Egypt and back again. Featuring an impressive array of sets and the most extensive wardrobe a squirrel has ever donned, Sugar Bush Chronicles will delight this Internet sensation's legions of fans and animal lovers everywhere.

About the Author Kelly Foxtan is a former country music recording artist who recorded numerous single hits and duets on RCA Records with Hank Snow, one of country music's pioneers. She performed for years on the Grand Ole Opry and traveled all over Europe with Box Car Willie, England's Entertainer of the Year. Later, Foxtan put together her own Las Vegas act for cruise ships and conventions and received "The Great American Citation for Patriotism and World Peace" for her work as "The Military Pin-Up Queen" when she traveled to military installations around the globe. Now, Foxtan has decided to continue her mission of boosting troop morale by photographing her pet squirrel in cute military shots. With more than 6,000 photos of Sugar Bush in more than 4,000 outfits and a massive Internet following, Kelly was recently featured on TLC's My Crazy Obsession. She and Sugar Bush live in Boca Raton, FL.
