**Waldo Japussy : The Tao of Meow** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tao of Meow:

5 of 6 people found the following review helpful. Hilarious, and thought provoking By PurpleKat This book is, quite simply, a masterpiece. It manages, at one time, to be a book that anyone who has ever owned (or been owned by!) a cat will find laughing-out-loud funny while at the same time being a fascinating look at Lao Tzu's classic 'Tao Te Ching'. Each of the poems in Tao of Meow have a lot of similarities to 'Tao Te Ching', which makes the book a fascinating dialogue with Lao Tzu's work. It's an interesting way to gain some new understanding of it. All philosophy should be studied with such a sense of irreverent joy! This is a book that you'll want to own and have on hand so that you can thumb through it -- either to learn or to laugh -- again and again. 0 of 0 people found the following review helpful. Every millenium produces its own original thinkersbrave, independent sages who look at life from completely fresh perspectives and leave behind them a glorious legacy of truth and wisdom for the benefit of us all. Such is the case again with "The Tao of Meow," a collection of 81 reflections on life and the way to total self-gratification as only a cat can tell it. Any resemblance between these verses and the Tao Te Ching by Lao Tzu is entirely deliberate and indicates that you are a discerning reader.

"A well-executed philosophical parody!" -- Cat Fancy, December 1990About the AuthorWaldo Japussy was the oldest cat in the Japikse household. One day it was discovered that he had been writing on scrap pieces of paper, using an arcane system of hieroglyphic paw prints. When translated, the first set became "The Tao of Meow," which became a bestseller among cat aficionados and Taoists.
