Being one of the earlier books in the Garfield collection Jim Davis had many fresh ideas to work with. You may be surprized that Garfield looks slightly different , but the attitude stays the same. If you want to see Garfield very different, see fat cat 3-pack number one. If you love Garfield, This is a must have.This book features: Mondays, The caped Avenger, The fence, Nermal, Odie, and of course Garfields sick addiction to food .Enjoy!If you liked this one I reccomend Fat Cat 3 pack: 4, 5, and 7.

When one Garfield isn't enough!That four-legged fur balloon we affectionately refer to as Garfield always wants more -- and he gives as good as he gets in this hilarious volume of belly-busting laughs. So whether he's chaining himself to the refrigerator, biting Odie's fingernails, or borrowing Jon's deodorant, there's only one thing better than a Garfield collection: three Garfield collections!
