Great condition quick delivery and the price was right I will shop here again3 of 12 people found the following review helpful. Must ReadingBy LivingtheDream2255I was introduced to this book yesterday and immediately had to buy a copy for myself to share with my friends and family.So many Americans have their heads in the sand during this administration and think these are the "moral" ones. Look again. We have all been deceived and it is becoming more apparent with each passing day.If left unchecked, we will have the ultra-rich and the very poor and nobody in the Middle Class.Great conversation starter.14 of 20 people found the following review helpful. A charmingly hilarious parodyBy VeggieTart"The Three Little Pigs Buy The White House" is a tale of how the Bush team came to power and what they've done since written in the style of a children's book. The depictions of Bush, Cheney and Rumsfeld, down to them telling Bush how to behave whenever there is a problem, is frighteningly accurate. The depiction of Osama as a Big Bad Wolf with his Winds of Mass Destruction is unnerving.

It's the news of the past three years that you didn't get on TV condensed into a brief allegory.

In the fine tradition of scorched earth, take no prisoners political satire, *The Three Little Pigs Buy the White House* pokes fun at a certain trio of Republican politicians who are living high on the hog. Watch out: these little pigs have no problem replacing brick with straw when it comes to your nation's security. And don't be afraid of the Big Bad Wolf, that is, if . . . uh . . . we can find him. Written and illustrated by celebrated Bizarro cartoonist, Dan Piraro, *The Three Little Pigs Buy the White House* is the perfect mockery of politics as grimy as bacon grease.

About the Author Dan Piraro is the author and illustrator of the Bizarro cartoon which currently runs seven days a week in over 200 markets.
