A really fun read!By Robert W ZarrettI bought this for my brother in law, who has restored a few tractors, but I couldn't resist reading the books before giving them to him. I'm a city guy, and haven't driven a tractor since high school long ago, but thoroughly enjoyed the humorous, weird, but truly believable stories recounted here!0 of 0 people found the following review helpful. Tractor repair?" and Linda, without hesitation, explained: "The way Rog does them, they're pretty much the same thing." That was a real compliment. I think. — Author and Humorist Roger Welsch
