**Beverley Lawson : The Tranquil Ocean Mandalas Colouring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tranquil Ocean Mandalas Colouring Book:

Nice Oversized Ocean Themed illustrationsBy Coloring Book AddictThis is a beautiful quality coloring book with 120 perforated illustrations to color that I was happy to receive from the publisher. The paper is nice quality and the images include mandalas and ocean themes. You can also scan a QR code for music to play along while you color. These entire series has that feature.

Add colour to this captivating collection of tranquil ocean mandalas and feel instantly relaxed. Whether you're colouring in a pod of serene whales, or adding the finishing touches to some intricate seashells, The Tranquil Ocean Mandala Colouring Book will help you practise mindfulness for hours. With over 120 blissful designs to colour, this activity book is the perfect gift for anyone wanting to de-stress and is a fantastic source of inspiration for anyone

creating their own designs.
