**Kerry Colburn, Rob Sorensen** : **The U.S. of EH?: How Canada Secretly Controls the United States and Why That's OK** before purchasing it in order to gage whether or not it would be worth my time, and all praised The U.S. of EH?: How Canada Secretly Controls the United States and Why That's OK:

1 of 1 people found the following review helpful. Not bad, Eh?By CustomerAs an Australian recently returned from Canada this book grabbed my interest. Canucks are very similar to Aussies in many ways and somewhat different in

others, but on balance I found them charming and hospitable. They don't take themselves very seriously and this is reflected in the tone of the writing. The US of Eh? is a tongue-in-cheek look at Canada's place in the world and how things Canadian have influenced the world in general and the United States of America in particular out of all proportion to their relative size. Despite some of the chest beating and trumpet blowing, the book is obviously not meant to be taken too seriously, notwithstanding the fact that Canucks have much to brag about. This is a coffee table book or one that you might take on an aeroplane for light reading on your way to Canada for a 'first visit'. An enjoyable read. 0 of 0 people found the following review helpful. Meh By Mr. BI wasn't sure what to expect but the content of the book was a bit weak. Fortunately the price was negligible so not a big deal. 1 of 1 people found the following review helpful. Love this book By Tlynn Love this book! As a Canadian living in "enemy" territory married to an American I got a kick out of watching my hubby and his friends read this and try to argue against everything. Honestly some of the things in the book are a stretch, but it is worth it to sit back and watch them tear it apart because it insults their pride lol

Canadians are peaceable, friendly, unassuming, and adorable. They're also secretly in control of nearly every aspect of life in the Southernmost Canadian territory known as the United States. This hilarious illustrated compendium of real facts and wild assertions traces a vast, maple-leaf conspiracy that plays up Canada's self-effacing second fiddle image to the U.S. while it creates and clandestinely controls nearly everything Americans hold dear, from Superman to basketball to William Shatner to macaroni and cheese. With everyday life in the U.S. already as much as 70% Canadian, and our music, movies, and TV shows filled with subliminal pro-Canadian messages, the authors of So, You Want to Be Canadian reveal that in actuality, you already are.

About the Author Kerry Colburn, an "American," and Rob Sorensen, a Canadian, are the authors of So, You Want to Be Canadian. They live in Seattle.
