4 of 4 people found the following review helpful. Uncommon Wisdom From An Uncommonly Wise Leader By James Gallen "The Uncommon Wisdom of Ronald Reagan" is a short book of Reagan quotes which both brings back

memories and gives us an insight into this extraordinary leader. Organized into six chapters, this 166 page book categorizes the quotes into periods of Reagan's life or by subject matter. The categorization aids the reader in finding a specific quote or words on a specific topic. While not an in-depth study of Reagan's career, it is a worthwhile survey of the wisdom of this good and wise man. Read and enjoy. 6 of 6 people found the following review helpful. History Repeats Itself By Che J. Hsu As I listen to this program, I realized how many of today's problems are repeats of history. Reagan answered a lot of them. Whether one agrees with him or not, his answers are concise and easy to understand. The media has portrayed Reagan as someone who doesn't know much, and this program proves media's wrongful bias. Reagan read constantly, and he is well versed in many subjects. I don't always agree with Reagan, but I do admire this true American hero. 8 of 11 people found the following review helpful. A great book for any fan of Ronald Reagan. By A Customer A wonderful book for any one looking to learn more about Ronald Reagan through his own words. This book is excellent, with a collection of quotes from Reagan including his views on his early years in politics, his presidency and life after the presidency.

Gathers quotations by President Reagan about his childhood, education, political career, opinions on public issues, and perspectives on coping with illness and retirement.

From the Back Cover Witty, candid, and full of hope for the future, Ronald Reagan was known as "The Great Communicator", a reputation confirmed in *The Uncommon Wisdom of Ronald Reagan*, a remarkable collection of quotations that articulates his abiding convictions and unwavering commitment to American principles. These pages bring Ronald Reagan vividly to life in his own words, visiting the milestones of his career from his early days as an actor in radio, television, and films to his political years, first as governor of California and ultimately as President of the United States. Reagan also speaks openly about his personal life: his family, his childhood, his marriage, and his thoughts on what it meant to be a leader during a difficult age.
