Mark Steyn : The Undocumented Mark Steyn before purchasing it in order to gage whether or not it would be worth my time, and all praised The Undocumented Mark Steyn:

183 of 191 people found the following review helpful. Steyn strikes again, with acerbic humor and razor-sharp insightBy Peter LorenziWith four hundred fifteen pages, sixteen sections (plus introduction and postscript), more than eighty columns (The Audacity of Grope, Did the Earth Summit Move for You? My Sahlia Amour, A Town with Pity, Only the Clonely), and more puns and turn of a phrase than anyone can count, Mark Steyn continues to delight readers while raising concerns about the direction of America, western civilization, and democracy in this century. The future

is not pretty, at least it will be if we continue down our current path, a path that Steyn has aptly described, cataloged and skewered for more than fifteen years. Acknowledging that this is a collection of previously published essays, going back to a Monica Lewinsky column in 1998, there is not really anything much 'new' here. That said, compiling, editing and publishing fifteen years of great writing is a great service to the late-arriving reader as well as the long-term fan. And his opening remarks on culture and politics, discussed recently with Limbaugh, add some fully realized realizations that elections matter less than the dominant culture. The politically correct have won the culture wars and reclaiming any sense of core, constitutional principles is going to be a long, difficult slog. NOTE: The October 20 release date is not accurate. shipped the book this week; I received my copy Tuesday. 0 of 0 people found the following review helpful. Classic Mark Steyn By Dr. Ellen K. Rudolph This contains older columns by Mark Steyn but they are still hugely amusing, esp for those of us who were very aware of what was going on back then. GREAT STUFF. 0 of 0 people found the following review helpful. Very Funny Man! By Mary H. Saunders I haven't read the whole book yet, but what I have read is interesting and entertaining. Mark Steyn is so witty, and since I have enjoyed listening to him on TV, I decided to order the book so that I could get some more laughs.

He's brash, brilliant, and drawn to controversy like a moth to a flame. For decades, Mark Steyn has dazzled readers around the world with his raucous wit and brutal honesty. Whether he's sounding off on the tyranny of political correctness, the existential threat of Islamic extremism, the "nationalization" of the family, or the "near suicidal stupidity" of America's immigration regime, Steyn is always provocative—and often laugh-out-loud hilarious. The Undocumented Mark Steyn gathers Steyn's best columns in a timeless and indispensable guide to the end of the world as we know it.

The New Criterion review: "The irrepressible Mark Steyn is back with a new collection of essays. The [Un]documented Mark Steyn (Don't Say You Weren't Warned) is a rich cornucopia of essays about the future of America from National , The Atlantic Monthly, The Spectator (both the American and the English ones), London's Daily Telegraph, and several other literary organs here and abroad. No one else combines Steyn's dazzling humor, astonishing erudition, and gripping apocalyptic prognostication. All is not well in the fruited plains of this great republic, and no one provides chapter and verse of our unfolding dégringolade with the authority and rhetorical élan of Mark Steyn. It's a neat trick, making societal collapse seem entertaining as well as horrifying, but Steyn manages the feat with consummate skill."
