same time resulting in getting very depressed. Nevertheless, it definitely is without a doubt, a very good read. 0 of 0 people found the following review helpful. Five Stars By Kirk A. Reed great humor almost to true 0 of 0 people found the following review helpful. Or "Progressives vs. We the People" By S. Vose I realize this was written as a wake up call to "we the people" and written as a satire, but it really says so much about what is happening in America right under our noses and so many of us are willing to "go along to get along". I enjoyed the laughs but these authors had a way of making me think what is already happening in America. Thank you Brian Sack and Jack Helmuth for voicing what many of us feel is the totally wrong direction our country is going. Hopefully we aren't too late to fix us.

HE'D BETTER WATCH OUT - WE'RE TELLING YOU WHY. From the quick-witted and severely cynical folks at The B.S. of A. with Brian Sack comes this hilarious, possibly fictional look at what happens when a scandal-plagued administration needs a distraction. From IRS audits and unionized elves to gigantic reports on the environmental impact of stocking coal and reindeer farts, the government pulls no punches in its effort to bring Santa to his knees. Can a bumbling bureaucracy manage to sour even the jolliest of souls and ruin an entire holiday in the process? Spoiler alert: Totally. SANTA CLAUS IS COMING... TO JUSTICE!
