1 of 1 people found the following review helpful. Hilarious!By CustomerSo many of these rules apply to women as well! The pictures just elevate the rules and also help for those men who need to get hooked on phonics.0 of 0 people found the following review helpful. FLOOREDBy CustomerThis book is funny and informative, the pictures provide much additional laughter. The public men's restrooms would definitely benefit from more people reading and following the code.0 of 0 people found the following review helpful. Five StarsBy Customer

This book tells the story of the treacherous journeys men have to endure while using public restrooms. This code is universally known, but there are rule breakers, code smashers, and man card revocations that occur. It is a jungle out there, this one just happens to be illustrated with elegant black and white photography.

About the AuthorMichael Settanny has been a specialist in the field of being a man for over thirty three years. He has multiple degrees in man code, graduating in the top 99% of his class for man college.
