This little book gave the entire history of those Burma Shave signs us "mature folk" remember seeing along the roadsides. I had no idea how many there actually were. And a bonus is that they are all included, by date. Loved reading it.0 of 0 people found the following review helpful. Pure Nostalgia!By A School TeacherThis is the book I remember from a previous generation. Not in the best of shape, but good enough to be enjoyed.1 of 1 people found the following review helpful. It's Burma Shave!By Chelsea S.Nice nostalgic look at those old road sign rhymes. List all of the slogans. Also, gives a history of Burma Shave and how the signs began. Cute and fun!
