I gave it to my sister, who is pregnant with her first and loves Eric Carle. She loved it and keeps it on her mantle to share with company. I highly recommend this book! 0 of 0 people found the following review helpful. Great gift idea. By Smashmellow We purchased this as a gift for a new mama who is also a teacher. By the light of the moon, a large and very hungry pregnant lady starts to look for some food. As the night wears on and she samples and snacks her way through the pantry, her body prepares for a big and beautiful transformation... A lighthearted parody of Eric Carle's much-loved classic *The Very Hungry Caterpillar*, *The Very Hungry Pregnant Lady* tackles the mysteries faced by pregnant women everywhere—namely, how can I have so little space for my stomach and yet be hungry all the time? And is it better to try unsuccessfully to sleep, or just give in and have another snack? Pairing playful text with bright, colorful images, *The Very Hungry Pregnant Lady* is both a send-up and a celebration of this strange, ridiculous, and exciting time in the lives of all mothers-to-be.
