Hugh Lofting : The Voyages Of Doctor Dolittle (Turtleback School Library Binding Edition) (Signet Classics) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Voyages Of Doctor Dolittle (Turtleback School Library Binding Edition) (Signet Classics):

0 of 0 people found the following review helpful. Great story, beautiful copy of the book
By Kristen S. I'm homeschooling my daughter, so I needed to find some classic books that she could work through this year. I wanted to find something that would challenge her, so I decided to buy this unabridged version of the Voyages of Dr. Doolittle, and I'm so glad I did! The book has a very clean, crisp binding, so I know that it will hold up well among my children over the years. The pages are well-printed, clean, no issues with typing. This is a very nice copy of this book. In addition, since it had been several years, I decided to read through the book before handing it over to her. It was such a pleasure to remember how much FUN this story is to read! You follow the adventures of a young boy who sees the doctor's adventures through his own eyes, so it's perfect for a child to read. I know my daughter will love it!

By M. C. Cahill This is a book from my childhood that still is fun to read. If you will, it's science fiction applied to animals. The amazing Dr. Dolittle can learn just about any animal language (except he still struggles with shellfish), and this gives him allies and help from the animal kingdom wherever he goes in the world. No matter where he goes, Dolittle seems to end up on his feet - somehow. And in this book he's joined by young Tommy Stubbins, who also starts learning to talk to animals. (it gives hope to all us second-language learners, in an off-the-wall sort of way!) I was first exposed to this in elementary school, enjoyed it then and for a break from more serious reading, it is a pure and fun escape. If you're looking for

By Customer My 8 year old daughter and I really enjoyed this book. This version was on her reading level. This is a fun book for anyone who likes animals and has a creative imagination.

FOR USE IN SCHOOLS AND LIBRARIES ONLY. When his colleague Long Arrow disappears, Dr. Dolittle sets off with his assistant, Tommy Stubbins, his dog, Jip, and Polynesia the parrot on an adventurous voyage over tropical seas to floating Spidermonkey Island.

"Children will delight in this book. Dr Dolittle wins all hearts" * Times Literary Supplement * "Any child who is not given the opportunity to make the acquaintance of this rotund, kindly and enthusiastic doctor / naturalist and all of his animal friends will miss out on something important" * Jane Goodall * From the Publisher Doctor Dolittle heads for the high seas in perhaps the most amazing adventure ever experienced by man or animal. Told by nine-and-a-half-year-old Tommy Stubbins, crewman and future naturalist, the voyages of Doctor Dolittle and his company lead them to Spidermonkey Island. Along with his faithful friends, Polynesia the parrot and Chee-Chee the monkey, Doctor Dolittle survives a perilous shipwreck and lands on the mysterious floating island. There he meets the wondrous Great Glass See Snail who holds the key to the greatest mystery of all.
