The Walking Dead is the most popular show on television today, developing a rabid group of fans who analyze and debate every aspect of the storylines to explain past events and guess what's just around the corner. In that spirit, the Walking Dead Book Of Lists brings you all the surprises, betrayals, heroes and villains of the zombie apocalypse are brought to you in countdown list form. What were the most treacherous betrayals to ever happen on the show? The most shocking moments? The people least suited to life in the post-apocalypse? And who were the folks who were just more trouble than they were worth? This book answers those questions and more!
