**Warlizard : The Warlizard Chronicles: Adventures with Vodka, Women, War** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Warlizard Chronicles: Adventures with Vodka, Women, War:

5 of 5 people found the following review helpful. Boils down to Warlizard bragging about all the women he's slept

with. By Kindle Customer Warlizard always seems to have interesting stories on Reddit, and so the idea of a book full of the stories he wrote sounded like an interesting idea. The first story he told actually seems to be an example of what was to come. See, it starts off with a bang. Its crazy, its interesting, its funny. As the story progresses, however, it seems to lose focus, lose aim. Yeah, he's letting us know what happened, but it just sort of peters out. The rest of the book is the same. Some good hooks, or interesting premises, but ultimately, like I mentioned, mostly just stories of all the women Warlizard banged. However, I must admit that there are a few really golden gems contained within, and that's why I gave the book three stars instead of one or two. Specifically, there is a story about visiting East Germany after the Berlin Wall came down that is actually incredibly touching. The story about rigging a kissing contest is pretty funny. The "Bad Advice" section is also worth reading. The rest... I don't know if it's really worth the purchase price. I say give the preview a read, and realize that perhaps the craziest story is the first one he tells. If you can stand to read similar, but less insane and less entertaining stories over and over again to get to those gems, then go ahead and give the book a shot. 1 of 1 people found the following review helpful. Warlizard's a jerk, but he can write a mean book! (Like...write a mean book, as someone can cook a "mean" steak.) By Jordan B. Warlizard's a jerk. He sleeps with married women, gets people fired, scams people in a kissing contest...he's not necessarily "nice". He lives life to the fullest, though, and he certainly has his fair share of funny stories that wouldn't have happened if he had done the "right" (i.e. morally right) thing. He's taught me some valuable lessons. Like, I need to learn how to play Pool if I want to impress girls. 2 of 2 people found the following review helpful. Well worth your money By Bryan Young Warlizard has certainly led a storied life. In this book, he recounts a disparate smattering of hilarious, hard to believe stories. Sure, the names have been changed to protect the innocent (and I doubt "Warlizard" is his real name), but it smacks of truth. Though he comes across as an arrogant jackass at times, the writing is very clean and has a kindness bubbling up beneath it. Some of the best stories are those that take place during the first Gulf War, when he was assigned to dig fox-holes in the sand, despite the fact that he was a German linguist working in intelligence. I'm hoping that he decides to write another book, a fictional account of his war experiences in the mold of Catch-22 or Slaughterhouse 5. I think it would be hailed as a masterpiece. But in the meantime, this tome will have to do.

My new fiancée Betty and I were sitting on the couch, watching the Westminster Kennel Club dog show when she looked over at me and casually said, "My first orgasm came from a dog." As I sat there stunned, trying to control my reactions and collect myself, I had two immediate thoughts: 1. Now I know why my dog likes her better. 2. I wish this were the worst thing she'd ever told me. And so begins the descent into the crazy improbable world of Warlizard, an average guy with an exceptional life. With no excuses and no apologies, Warlizard lives his life by one simple rule - "If opportunity knocks, answer the door." Gulf War Veteran, womanizer and serial troublemaker, sometimes he wins, sometimes he loses, but his stories are outlandish, extreme, fast-paced and funny as hell. Some actual reader feedback: "You tell all women that story? You should wash out your mouth!" "I think I could listen to your stories for hours." "So you owe your marriage to the people who brought down the world trade center?" "I have nothing else I can add or ask, except MORE STORIES." "Holy s\*\*t. I wish I was you." "Man, you're an inspiration, seriously. F\*\*\* Tucker Max, you're the real s\*\*t. I'm sure to remember your stories whenever there's a choice to do some crazy s\*\*t. I used to say I'd do it for the lulz, now I'm gonna do it like WarLizard." "You slept with another man's wife and then lied to him about it, and can say with a straight face it was the right thing to do?" "Godda\*\*\*t, I spewed out laughter too loud at work, now I have to leave because everyone knows I'm not doing s\*\*t. F\*\*\* this is hilarious, and disconcerting, at the same time." "He is the most interesting man in the world." "I feel like a failure reading these stories, they're awesome." "Your life experience makes me feel good. You good sir are somewhat of a new idol of mine. Nothing much you can do about that. Have a good day sir." "Warlizard doesn't always drink beer, but when he does, he prefers Dos Equis." "I just can't wrap my mind around the fact that not only a story like this exists but that a Reddit regular would be living it. And it kinda has this enthusiastic 'and then it happened...' moments in it that kinda style like you'd write fiction on the go." "This guy is either the most creative man in the world or the most interesting man in the world. Either way..."

From the Author People always tell me I've had a crazy life and it's true. Every single time an opportunity was presented to me, I took it, good or bad. Sure, I went undercover to bust a guy selling C-4, but I also won a kissing contest, alienating the towns of Woodstock and Saugerties in the process. I jumped through every door with my eyes wide open, hoping for something fun on the other side. You don't do that, you may as well be dead.
