Tony Dierckins : The WD-40 Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The WD-40 Book:

0 of 0 people found the following review helpful. Half useful and Half corny humor. By Carl Half the book is uses for wd-40, the other half is corny humor. The corny humor detracts from the otherwise usefulness of the book. They should have done a serious book and left the every-other-page corny humor out. I would not buy this book again and do not recommend it 0 of 0 people found the following review helpful. I actually thought it was going to be honest to ... By Kathy I actually thought it was going to be honest to goodness tips for using this stuff but its not its more of a comical book. 0 of 0 people found the following review helpful. Silly Little Book By Mario Marquez Kind of a pointless, silly little book. I feel that it could have been much more.
