**Gary Lineker : The Weird and Wonderful World of Football** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Weird and Wonderful World of Football:

Hundreds of gaffes and goofs from around the world, supplemented by truly amazing action photos This light-hearted look at the wild and wacky side of the global game of European football covers professional club games, international games, and the grassroots of the sport. If you find beach ball assists, Vinnie Jones putting the squeeze on Gazza, Wolfie the Wolves mascot slugging it out with Bristol City's Three Little Piggies, trees planted on the pitch, or superpink Barbie bar footy machines laugh-out-loud funny, then you'll love this book.
