Found it really funny and entertaining when laying around or on the subway. I think this would be a great Xmas gift for my cousin so I might buy another. Using different colors when coloring in the image makes you feel like you're creating the final image as much as the author. Def would recommend.0 of 0 people found the following review helpful. Adult Coloring Book. Action. Puns. Nostalgia. Mindfulness. Calm. Not Calm. Mindlessness. Deep. Follow a pen and inked path through The Whole Thing When He Got There and discover a universe of fantastic absurdity that is just waiting to be colored in. Through ninety-one intricate fully-illustrated compositions, colorists can adventure through the life of a legendary action hero in search of meaning. Encounter exotic landscapes and battle prowling tigers, crazed bikers, greedy fat-cats and even death itself, all punctuated by a witty remark.
