Sherman Wildman, Kent Wildman : The Willie Nelson "Cooked Goose" Cookbook and IRS Financial Advisor
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Willie Nelson "Cooked Goose" Cookbook and IRS Financial Advisor:

1 of 1 people found the following review helpful. Only for diehard fans of WillieBy Manola SommerfeldWhat a silly little book. I didn't find it all that funny. There are some wacky recipes interspersed here and there, like Suffering Succo-Cash and Bloodless Turnips. Some of the recipes looked midly appealing, but this is not a book you pick up because you're interested in the recipes. There has to be funnier IRS-related humor out there!
