gives a child a sense of the story on their level but since I have read the original to young children and found they could understand it and enjoy it I was not as thrilled with this version. it did not hold their attention nearly so well. 3 of 3 people found the following review helpful. Friendship and adventure! By Wearer of many hats We've been fortunate enough to see a couple of the stories live on the stage at the Broward Center for Performing Arts, and my four year old loved it! I immediately went home and ordered him the books to keep his interest evolving. He loves these stories, and loves talking about his experience at the theater after reading them! The stories bring back memories from my childhood also, so I enjoy reading them too. :) They are great stories about friendship and adventures.
