Jerry Apps, Julie Sutter-Blair : The Wisconsin Traveler's Companion : A Guide to Country Sights (Regional Wit and Wisdom from Jerry Apps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Wisconsin Traveler's Companion : A Guide to Country Sights (Regional Wit and Wisdom from Jerry Apps):

0 of 0 people found the following review helpful. Packaged fine. Arrived timely By Gussie 2 Packaged fine. Arrived timely. A smidge more worn than expected. Was purchased for myself so the bit more wear was not an issue. 0 of 0 people found the following review helpful. Very satisfied By Terri J Schultz Very happy to have this--will help make road trips more interesting. Jerry Apps is interesting, accessible, and has a wonderful sense of place. 1 of 1 people found the following review helpful. Wisconsin's Countryside By Nino Brown In The Wisconsin Traveler's Companion, Jerry Apps and Julie Sutter-Blair introduce the reader to the sights one might see in the Wisconsin countryside. Unlike many guides, this isn't limited to wildlife and/or attractions. Rather, the reader is introduced to the variety of rural structures, wild and domestic plants and animals, and landscapes one can expect to encounter on Wisconsin's byways. Agricultural-themed sights are a particular emphasis. This book is really a quite unique resource, providing descriptions and drawings of many of the commonplace, but not often comprehended, features of Wisconsin's rural

lands. Despite having grown up in the countryside of Wisconsin, this book made apparent that the variety of farm structures and much of the variety of domestic animals in Wisconsin had eluded my notice. Read this book then go for a drive down any Wisconsin county highway and you can't help but see with transformed eyes. My only issue with the book is its brevity and its apparent incompleteness, that is, this book is too small for its thesis. I would not hesitate, however, to pick up an extended version.
