Often described as "the better half" of the husband-and-wife team, the role of wife is sacred and wide-ranging. The Wives' Book celebrates all the quirks, traditions, and achievements of wifedom, including fascinating stories of wives throughout history, imaginative ways of celebrating wedding anniversaries, humorous and thought provoking quotes from literature, heartwarming tales from real-life wives, and practical advice for keeping your household shipshape and running like a dream. Delightfully informative and beautifully packaged, this is a lovely celebration of marriage and a great gift for all brides.
