Mr. Paul A. Erickson : The Wobbit A Parody (Of Tolkien's The Hobbit): or, There Goes My Back Again (The Wobbit: A Parody Series) (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wobbit A Parody (Of Tolkien's The Hobbit): or, There Goes My Back Again (The Wobbit: A Parody Series) (Volume 1):

3 of 3 people found the following review helpful. In a wholly below-ground apartment there lived a wabbit...By D. L. Smith
Accept no other (lesser quality) Wabbit! Mr. Erickson's journey of Bulbo Bunkins with the wizard Pantsoff to save the dwarven treasure lusted after by Borin Oakmanfield and guarded by the dragon Smog is the laugh-filled heir to Bored of the Rings. The story follows the adventures of Tolkien's original tale with the loving care that all fans of The Hobbit will find admirable. You will come across the expected silly jokes at the expense of trolls, elves, skin changers, giant spiders, and all that - but there is something else going on besides the jokes, indeed, our wabbit hero turns out to be - gasp - heroic! The true magic of Tolkien's tale shines through the humor. I found myself rooting for Bulbo as he saves the dwarves at every turn and grows from a common unemployed bank teller to an adventurer worthy of praise and song. Don't worry about that bank teller line of employment, believe me, it works. Mr. Erickson has given us a true gift of laughter that can be enjoyed and truly appreciated by Tolkien fans.

By Mr. Colin Mcelhatton
I love parodies and fantasy novels, so this book was right up my alley, figuratively speaking. Everything reminds you of The Hobbit but then it also reminds you of reality. So you get Dwarves who happen to be Bankers, wizards with oversized diva complexes, elves who offer tickets to tennis tournaments (and other perks) to their captives. Thoroughly enjoyable nonsense, peppered with witty innuendoes that make you smile.
2 of 2 people found the following review helpful. it's hilarious
By Fabulous Beasteverything
is friggen awesome except for Pants-Off (the parody of Gandalf) because i was pronouncing everyone's name as they are in "The Hobbit" and that name threw me off a few times, other than that it was the funniest thing I've ever laid eyes on... like piss your pants funny

In a world of self-promoting wizards, dwarf bankers, hemogoblins and were-swans, one underemployed wabbit must embark on a journey across recession-plagued Little Earth to steal a resentful dragon's treasure and restore the economy: a wabbit named Bulbo Bunkins. Fans of The Hobbit will be delighted with this insightful and loving parody of Tolkiens beloved classic. Its what Tolkien would have written if he was an unemployed American banker in the 21st century. No favorite parts have been omitted. Every scene, character, and song from the original is in this new parody. If youre a Hobbit fan, this parody includes all the iconic elements you love. If youre not a fan, youll enjoy the non-stop wackiness.
