Funny, bizarre medical storiesBy LaNaeI work in the medical field and I am always interested in hearing stories of bizarre things that come through hospitals. This book provided entertaining stories that were short and kept my attention. I read half the book in just a matter of hours. I would recommend this to anyone who would like an easy and entertaining read.0 of 0 people found the following review helpful. Five StarsBy StephanieVery interesting! Thank you!0 of 0 people found the following review helpful. One StarBy Jean L KempferAnother collection of supposedly gruesome tales by an inexperienced author.

Hardcover with dust jacket relates histories of bizarre medical cases.
