New apparently didn't mean newBy TrishI had to go back and check my order to make sure that I purchased this book as "new". Because apparently it wasn't. There was a giant crease in the cover and residual glue on the binding. I gave it to my nephew as a holiday gift and he (at 12 yrs old) asked me if I had this in my book shelf or did I borrow it for someone.

First came the New York Times bestseller America's Dumbest Criminals™, then there were more amazing tales of stupid but true crimes in Wanted! Dumb or Alive. In this book, hilarious criminal cluelessness is uncovered on every

continent in one hundred new stories.
