David Crombie : The World's Stupidest Laws (The World's Stupidest series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The World's Stupidest Laws (The World's Stupidest

series):

0 of 0 people found the following review helpful. Malty Milk Balls for the Brain.By William BryanSome of the 'Stoopid' laws weren't. More than half the book I'd read elsewhere. BUT, I got some gut-bustinglaughs from a variety of real life courtroom utterances.One oldie which wasn't in this book: "What do you call a lawyer with an IQ of 70?"Answer: "Your Honor."

In Australia, it is illegal to read someone's tarot or give them a psychic reading, as these are forms of witchcraft. In Singapore, you may not walk around your house while naked, as this is considered to be a form of pornography. In the USA, in the state of Arkansas, alligators may not be kept in the bath, and in Iowa, kisses may last for a maximum of five minutes. The World's Stupidest Laws is essential reading for anyone who's ever been bamboozled by legal lunacy abroad or who's fallen foul of ludicrous laws in their own hometown.
